Honourable Speaker of the House and Members of the House I thank you for the support and effort of implementing in acting the Anti-Money Laundering Act 2001. The legislation that with evidence a commitment by Nauru, in the process of not only conforming to by accomodating to international standard and credibility in its fight to criminalise Money Laundering this Act does not in any way shows nor incriminate that the Public is involved in money laundering activities but merely accomodating and complying with internation community most importantly passing this Act is not at all surrendering our nation's soveign rights the concept of soveignty has applied under the internation law, gives the soveign state control over its territory and citizens. Take note that this G's of this concept is that no members state to assist a citizen in another states to violate the laws of its country.

Nauru will always be a tax haven despite that this Act has been act simply the fact that is not a tax legislation but an Act inacted by a nation for the purpose of preventing money laundering by establishing regularity authority to co-operate foreign states. It is imperitive to take note that as long as internation world knows that Nauru does not tax its citizen and businesses, we shall remain a tax haven to any foreign business prospect.

Further take note of the resolutions adopted in the foreign communicate 2001 where the leaders has re-affirm this soveign rights of this nation to establish domestic tax regimes of their own design and

choosing. Honourable Speaker and Members Nauru has its own domestic tax regime and its a not tax regime and this Act will not take that away.

Thank you for the support.

**Adjourn.**

**Resume.**

**Motions.**

**Mr. Speaker:** We are still on Motions. I understand that the first Motion on the Notice Paper that takes precedence is the Motion by Mr. Dowiyogo for Ubenide Motion No. 1

**Mr. Dowiyogo (Ubenide):** Mr. Speaker move eiy ngune bitune Motion that this votes Want of Confidence for the Minister for Finance the Honourable Ali Amwano dogin bwe simple government eo pumwe maramwit dei-Naoero this has been going on for too long bitune an delay maramwit amin magur.

**Mr. Speaker:** Mr. Dowiyogo just one second, ouge anga bwe ngea eimwi medena nim riring, you have to move your motion then somebody else will second it and then you can proceed with the opening talk on it, opening debate.

**Mr. Dowiyogo (Ubenide):** Thank you Mr. Speaker, move eiy ngana bitune House enim express eiy vote of No Confidence for the Minister for Finance Honourable Ali Amwano.

**Mr. Speaker:** I believe ngana Motion of this sort is a very important motion which takes precedence over all other business in accordance with our Standing Order No. 1997 and then the usual procedure for it is not taken lightly so it would require I think four Members standing in their places to support inclusive of the mover of the Motion.

**Mr. Detenamo (Buada):** Mr. Speaker, point of clarification.

Ada ngune bitune motion eo iya amea Minister nim accept eiy oa eo accept eiy animen ouga riringen.

**Mr. Speaker:** Yeah, I think there is some substance on what you are trying to say I'll just briefly look through the order.

**Mr. Dowiyogo (Ubenide):** Mr. Speaker, I thought ngana inat odon amea Minister iruwin an oijo amebuna Members.

**Mr. Speaker:** Yeah, I think so I think we'll have to allow the Motion to be accepted by the House, we'll need four members in support of Mr. Dowiyogos Motion and then after Mr. Dowiyogo has explained himself like as he sat down before when I've stopped him from talking then I'll have to put to the Minister for Finance whether he accepts the motion or not. And then it will be decided by a simple majority.

**Mr. Detenamo (Buada):** Sorry, to rise again Mr. Speaker but I thought if the question do arose that is immediately put to the Minister's concern whether he accepts or not after that then do process whatever is necessary then takes his cause, pan ngune bwe I did have an experience of this kind sometimes ngago anga Minister there was some similar motion towards me. Ogen ngea ngea precedence I can recall.

**Mr. Speaker:** I think I'll try to read specifically the appropriate Standing Orders.

Ngea Standing Order 1997 a censure of Want of Confidence Motion. Censure of Want of Confidence Motion or Amendment;

a) A Motion of which a Notice has been given or Amendment which expresses censure of Want of Confidence in the government maybe entertained only if it is supported by four Members including the proposer. Rising in their places and indicating approval upon such motion or an Amendment being made the appropriate Minister shall indicate the Chair whether or not he is prepared to accept the Motion has a censure of Want of Confidence or Amendment.

Animen ngea adamonit imin ang nim riring tekey bita apan eimwi bwe nim amea move eiy bita won motion bwe inat support eiy by four members tekey ian wora Standing Orders 97 pan ogen ngaga ouga animen eimwi bwe ang totuwain amea Minister whether he accepts or not.

Eimwi iya ma aeo oa ekeow, Standing Order 97 garowa gata ngana it should be moved by the Member bwe enim support eiy by four Members including the proposer rising in their places and indicating approval.

**Mr. Gioura (Ubenide):** Mr. Speaker, animen eimwi ngea wo pan eab gona kaiyok eiy ngea motion iya eko seconder inan lapse ngea motion.

**Mr. Speaker:** I think so, and that is what I've indicated to the House, the first step is for the mover Mr. Dowiyogo to stand up and move his motion as he already done but the next step will need another three members to support his, I think three including the proposer rising in their places so I have to ask Mr. Dowiyogo again to proceed with step one of his motion.

**Mr. Dowiyogo (Ubenide):** Mr. Speaker, I move that this House express censure or express Want of Confidence in the Minister for Finance the Honourable Ali Amwano.

**Mr. Speaker:** Mr. Dowiyogo has moved his motion and I would need seconders including the proposer to stand in their places in support of the motion. 1,2,3,4 yes we've got the four members there, we are correct in the procedure in what we have just done thank you members, so our next step I believe is oaths upon me to put it to the Minister for Finance who is in question whether he accepts the Want of Confidence Motions or not.

Minister for Finance do you accept?

**Mr. Amwano (Minister for Finance-Ubenide):** Mr. Speaker ngago iya iduwen tsimine kor won substance bita motion ouge anga, anga man of honour I would accept it in this case Mr. Speaker it's just plain politics and I'm a man of honour again I will not accept the motion Mr. Speaker.

**Mr. Speaker:** If I hear correctly the Minister for Finance does not accept the Want of Confidence motion.

So the next step to take is the for me to put the question whether the House should entertain the motion or not and I will have to put the question.

The question is that the Motion as raise by the Member for Ubenide which was not accepted by the Minister for Finance.

**Mr. Harris (President-Aiwo):** Mr. Speaker, eimwi wora procedure oa ekeo auwe think ngaga amea eo accept enim tsimine definate motion? No?

**Mr. Speaker:** What do you mean by that?

**Mr. Harris (President-Aiwo):** Tekeiy ngaga amea Minister eo accept eiy lapse en ngea bituno original motion? No, eo ouga?

**Mr. Speaker:** I don't think so, I don't think so the House will decide in that respect. I will have to put it to the House.

**Mr. Harris (President-Aiwo):** Ngea dogin, defeat eiyin bita purpose of asking the Minister. Why do we bother asking the Minister any way?

**Mr. Speaker:** I think, if I interpret the Standing Orders, I think the purpose of asking the Minister whether he accepts or not in the regard that when he accepts, that might mean he is out he accepts no confidence motions from Parliament but when he does not accepts the House must decide.

Ogen according to part b) section a) which reads;

If the appropriate Minister declines to accepts a Motion or Amendments as a censure of Want of Confidence Motion or Amendment then the Speaker shall put the question on whether or not the Motion should be entertain to the House and it shall be decided on a simple majority, it's very simple it's very clear.

So I think the appropriate thing for me to do is put the question to the House, whether the motion should be entertained, that means by entertaining we should go through debates and all that sort of thing.

**Mr. Dowiyogo (Ubenide):** Mr. Speaker, enim help eiy gata bwe ang nim understand eiy better wora procedures ngaga wo nim put to the House nim decide, ma ogona aiyuk debate eiy enim put into the House, at this stage eo bita motion eo substant to the Motion bita procedure ouga ma ogona aiyuk dorer eiy?

**Mr. Speaker:** No, eimwi aem ngea ngea dogin murana wora Standing Order I think it's silent on it me to do justice to the issue up front of us ouge anga bwe eimwi iya ang nim adjourn eiy House eken on how to look into it very brief me will resume until the bell rings omo eken iya eimwi ata riring dogin we have done it in the past I believe and we should follow practice.

**Mr. Detenamo (Buada):** Mr. Speaker before we do that ngea ngea ateng pan anga iya recall eiy ngago during, when I was put to that question ouge ekeow me ogen it died a natural death ngea bita dogin bwe iya put to the House would that be a debatable question inan defeat eiyin memak mungana purpose, ouga ngea procedent, bita wanga oreit refer to.

**Mr. Speaker:** Yeah, I have in mind ngana instants bet, tsimine bet inon atsied ogen ouge anga bwe to do justice to our rulings and our Standing Orders I will adjourn the House just to remind me of what has happened in the past thank you, we will resume after the bell rings.

Now we move on to the second motion on the ??? which is the motion moved by the Honourable Anthony Audoa.

**Mr. Audoa (Yaren):** Yes, Mr. Speaker if you can assist me, what do I have to do the motion has been given to the House the gist of it has been given to the House.

**Mr. Audoa (Yaren):** I want this motion No. 2 Motion to be affected and to be able to make it reality, how do I do that I'll like to pursue this motion Mr. Speaker.

**Mr. Speaker:** Ngago nene what I ask you nene I ask you whether you would like to remain on the Notice Paper for my reason for asking that is because some of the reference and date in here in the motion are out dated you time has already taken the motion itself for example your request for the Select Committee to report back to Parliament on the 29th September 1999 which is you know our date and all that sort of thing me whether you want to proceed with your motion now, or withdraw it nan wo omo inan tik oredoan iya wo ouga I think time has overtaken some of the dates in the motions.

**Mr. Audoa (Yaren):** Aeogona amend eiy mungana dates ekeow inan bwaka ea withdraw eiya me inan kaiyok eiy eken wam advise ea bitune House.

**Mr. Speaker:** I think it is better if you withdraw the motion entirely and submit it properly up date the especially the date in it and all that.

**Mr. Audoa (Yaren):** Okay, accordingly I would like to do that and be submitted at a later date Mr. Speaker.

**Mr. Speaker:** Yes, I think it should be better for example, the last paragraph in your motion indicates stated that therefore this House resolves the action resolves taken in the recommendation of the report of the Select Committee on RONWAN Petitions be intimated to this August House within three months that is by tenth August 2000 and we are in I think 28th or 29th August 2001 now so I think this are the things I was asking you if you can re-arrange your motions so I believe it is best you withdraw the motions tidy it up and be submitted again.

**Mr. Audoa (Yaren):** Okay, I'll abide by that advise Mr. Speaker.

**Mr. Speaker:** Clerk will take note of that.

So now we go to the, there is no objections to that I think there is nobody raise query about removing the query.

Now we go to motion No. 3 which has been given notice of by the Honourable Pres Nimes from Yaren.

**Mr. Nimes (Yaren):** Mr. Speaker Motion ngea totowin is not a bill, its a motion which supports the introduction the assuring into this House over a bill which I believe has been standing and in die or want by this nation, Mr. Speaker ngarana ngarana Bill bill ngarana seek eiy won roll Parliament bwe ar nim establish eiy tribunal agency ion ngea ouge egen iat ??? Ombudsman.

**Mr. Speaker:** Mr. Nimes from Yaren please, can you hold on for a second.

I think the normal thing is to have the bill before we progress onto debate on it, because unless the bill is circulated to the Members, eimwi oa ekeo if its only motion, you can go ahead with that dogin orre ngarana Bill and we will debate another time. Eo ouga aen.

**Mr. Nimes (Yaren):** Mr. Speaker, ita budaga buog tsiedin bitune imin, tekeiy aeo pan ngago amo ngune bituno I give introduce ngago nene nungi note eiy ngana anim omeatu Bill anauwen ngaga eo ouga ita ngana oreit teneiy ngea bita matter ian bita won substant bita Motion which is an introduction of an Ombudsman Commission Bill, I went one step down me totuwit motion bwe anim ogona burion bitune ewak me eo work eiy ngana ar nim buog bitune motion.

**Mr. Audoa (Yaren):** Second eiy murana kaiyok.

**Mr. Speaker:** Seconded by the Member for Yaren Mr. Audoa.  
The Motion will remain on the Notice Paper.

**Mr. Audoa (Yaren):** Yes, Mr. Speaker wanga Motion eran I have a motion there and I would like to affect that Motion today and if you can help me, how should I do that do I start debating on it or not.

**Mr. Speaker:** It is normal that you can debate on your Motion.

**Mr. Audoa (Yaren):** Thank you, Mr. Speaker.

**Mr. Speaker:** You have given notice at the last sitting and now it is time to move it.

**Mr. Audoa (Yaren):** Okay.

**Mr. Speaker:** And open the debate on it.

**Mr. Audoa (Yaren):** I move that the Motion whereas as many as publication of one Mr. Joseph Anthony Guiffre in the local newspaper called the Visionary and the Australian newspaper called the Age this year has come up with the verse and ver reports on one Joseph Anthony Guiffre and all the reports about Joseph Anthony Guiffre to be a man of a strong criminal element. Whereas the said media about this crime Mr. Joseph Anthony Guiffre to be a person as a front for mafia in Melbourne. A description stated by police inspector at Southern for Victoria, we went further to say that Mr. Joseph Anthony Guiffre involvement in the St Kilda' civil hotel stated that the civil hotel was used to laundered dirty money obtained by Joseph Anthony Guiffre from proceeds from drug sales, in the same paper the Age reported dated Wednesday 22nd August 2001, Mr. Joseph Anthony Guiffre stated specifically on interview that an amount of Australian 18,000 was given to him by the government of Nauru to cover his hotel accomodation and travel expenses, while the same breath under the interview the Minister of Finance when interveiwed on the 18,000 was or has be given to Mr. Joe Guiffre

**Mr. Harris (President-Aiwo):** Point of order.

**Mr. Audoa (Yaren):** Stated unequally that.

**Mr. Speaker:** Mr. President, point of order has been raised.

**Mr. Audoa (Yaren):** The stated amount was given to.

**Mr. Harris (President-Aiwo):** Mr. Speaker, I stand on a point of order.

I believe that ngana murane, bitune Select Committee does not qualify under the terms of the establishment of a Select Committee, which means it is not in order it does not empower then to do anything, there is nothing there at all to empower the Select Committee to do, that is why Select Committee are formed the are formed and empowered to do a certain thing, there is nothing in here to say what they are suppose to do and tell the House.

**Mr. Speaker:** You're referring to terms of reference of this Committee.

**Mr. Harris (President-Aiwo):** Yes, it has nothing to refer back to the House on, it has nothing to say that whereas, whereas, whereas the whereas of the Select Committee must blah blah blah no it doesn't, the Select Committee terms of reference is unfair it has nothing to refer back to the House on.

**Mr. Speaker:** I think there is some.

**Mr. Audoa (Yaren):** Mr. Speaker, I think.

**Mr. Speaker:** Substance in the want of point of order has been raised.

**Mr. Audoa (Yaren):** Yes, I can explain that the whereas, whereas and the whereas in this Motion are.

**Mr. Speaker:** Eken won terms of reference ngune wam?

**Mr. Audoa (Yaren):** Yes, if I could continue to read.

**Mr. Speaker:** Need eiy bitune House enim approve the reference?

**Mr. Audoa (Yaren):** Yes, and if you could open at the end of the page, there are terms of reference there, ngea the Select Committee is to be established for a purpose to empowers to search into what this gentleman is doing to investments of Nauru's, yes.

**Mr. Speaker:** Ogen anga I will adjourn the House for a few minutes, my staff told me this paper is in order, this Motion is in order.

**Mr. Audoa (Yaren):** Yes, its in order.

**Mr. Speaker:** Ateng aea bitune Motion.

**Mr. Audoa (Yaren):** Motion ngarane ine use the original, the others are the gist of it.

**Mr. Speaker:** Adjourn eiyin ngune House until the bell rings.

**Mr. Audoa (Yaren):** Thank you Mr. Speaker.

### Adjourned

### Resume

**Mr. Speaker:** Honourable Members during the recess I have satisfied myself, that the Motion is in order it contains the terms of reference on the third page of our Notice Paper under whereas the points the Parliament be moved that the Select Committee of this House be established to investigate into the criminal activities, criminal allegations and professional activities of Mr. Joseph A. Guiffre in Australia and else where I think on that last two paragraph that indicates the terms of reference I was concern cause I haven't seen it you two have a long windend Motions there is lots of whereases in terms of reference anga myself as the Speaker I couldn't commit the House to look into any Motions regarding Constitutions of Select Committee without any terms of reference because this House has to especially the Select Committee has to work from a term of reference approved by this House which should be the strict caused of direction the Select Committee should take so I give my opinion that the Motion by Mr. Audoa is in order.

**Mr. Harris (President-Aiwo):** Mr. Speaker, am I here now your proceedings which I abide by, I must ask a person that does not work for a Republic, this House can call a Select Committe on anyone on anyone? I mean if I speak to someone in the mimbow room this morning and give me some advise it does not work for the Republic Select Committe can get them, I understand if he is working for the Republic but he is not, not on the contract not working not on a pay.

**Mr. Speaker:** Yeah, Mr. President I heard what you are trying to get at, is Joe Guiffre is not working for the Republic so the Parliament of Nauru should not concern itself with such person nor can it be involved to look into such person according to my view as a Chair, I have recalled that this Joe Guiffre person is very popular person as indicated to us by the long winded debate as put by the Minister for Finance we can go to our Hansard Records that he was highly praised by the Minister for Finance that this is the person who will turn around the finances of the Republic of Nauru so in accordance with the believe of the Chair is that Mr. Guiffre is very much involved in the workings of the Republic of Nauru even though the Minister for Finance has indicated to us that Mr. Joe Guiffre is not taking any cents or dollars from the Treasury ??? I'm not sure whether we have to believe that not so I think in a free democracy as our Parliament is we have to look into this matter, there is nothing wrong in Parliamentary Select Committees looking into certain people involved with the Republic of Nauru, if you think otherwise it should be up to the House to come up with adverse decisions, but that is what the Chair thinks I cannot over rule of rights of Members, be up to the House whether they want to investigate or not. The House is the master of its own destiny and proceedings thank you.

**Mr. Amwano (Minister for Finance):** Mr. Speaker, yes ouge anga imin omo ngune bitune Motion, good Motion iya done properly ngea aeo kor agree ea bita Motion ouge anga bwe it can be done with Amendments tsin ia kaiyok. Ine adamonin ouge whereas the many publications of Mr. Joe Guiffre me Visionary me Australian newspaper ang agree for a fact ngana any printing it has never being accurate me ouge anga bwe tsin ia ang nim degrade eiy bitune House to that standard, then ogen ouge anga ang call for, ogen ouge anga eimwi bwe enim Select Committee onani mungane attachment Joe Guiffre ea bitune Republic aeo agree ea mungana word in dogin bwe newspaper ere ina ogona omeatu Select Committee ina ouga anga simple kor omamo Motion't eran.

**Mr. Speaker:** Minister for Finance, yes resume your sit for one moment. I mean sympathy with you but I believe that this is a Motion as prepared and moved by this House by a member of Parliament in this House and in accordance with what I said that I ruled the Motion to be in order and what you are trying to say now is to I think first of you agreed that it is a good thing for Parliament to check on whatever is involved with the Public of Nauru and I agree with you in that respect but what I am trying to put it to you Mr. Minister is that you know things can be amended anything can be amended even a Motion can be amended.

**Mr. Amwano (Minister for Finance-Ubenide):** In that case Mr. Speaker ogona aiyuk kongan.

**Mr. Speaker:** At this we go by terms, he has to move his motion and then put it to the table of this House, and then anybody can move his amendment at the later stage, if you are talking about the dignity of this House degrade of this House which if I heard you correctly I think we have gone far enough in constituting a Select Committee to look into the professional negligence of our own Chief Justice, so that is.

**Mr. Amwano (Minister for Finance-Ubenide):** Mr. Speaker can I stand on a point of order, ngaga omo ngaga wo pan bita.

**Mr. Speaker:** Yes, Mr. Minister.

**Mr. Amwano (Minister for Finance-Ubenide):** Ngea imin owaiyo ngago amo aeo kor sure wo nim guide eiyo, kaiy point of order ngea anim oijo ea, as I see this document in front of me I agree with bita wam ruling I agree whole heartily tamo mungana raise eiy question towe eben bwiota me wora Parliament yes I agree with investigation over whatever, ngea agree ea murana agree your ruling principle ngea roe'n burio Mr. Speaker kaiy gona wo over look eiy I know you are a man of fairness me if you go back to Hansard wanga public statement which I have time after time make publicly in this House aeo dogin correct eiy fact ngana Mr. Guiffre is never a financial advisor to the Minister for Finance nor to any part of the government entity.

Ngarane munrana Motion ian obweta ridicule eiyn memak mungana wanga statement I have made in Parliament it is printed as Mr. Guiffre is the Minister for Finance financial advisor, ouge anga bwe ngea dogin ang eo eimwi murane, ouge anga bwe anan kongan Mr. Speaker bwe enim make this corrections bwe ogiten set eiy we're all under oath here as you've said yesterday me bweragugu ngarana, agree ea ngea bita investigation me it should not be motioned this way, it's degrading me as Minister for Finance and as Member of Parliament, member of this House bwe this is opposite to my statement to this House ngea ngea aeo kongong on this point of order bwe enim correct eiy murane, won wording even before enim egeda ewak to amend it ngea ngea.

**Mr. Audoa (Yaren):** Point of order.

**Mr. Speaker:** I think we have to go by one point of order at a time, I think the Minister was rising on a point of order at a time.

**Mr. Audoa (Yaren):** Nam kaiyok, eko dorer ine iya pan ngana ngune amune won Minister for Finance advisor ngea apan, ebwak ngana advise totuwa won Minister for Finance.

**Mr. Speaker:** Ouge anga yes Mr. Audoa.

**Mr. Audoa (Yaren):** Me pwera mungana imin towé.

**Mr. Speaker:** Mr. Audoa, ouge anga bwe it is in the House's hand nan House ewedoduwa ngune imin bwe eow ean aeo believe eiy any information of Select Committee tsimine bet imiton ogona pwer ian mungana whereas mimin ita dogin it is up to the House to work on the correct it, ngea bita Select Committee mag ren memak Select Committee kaiy for example tsin ia ang touch upon bita ata kaduray amea wora Chief Justice during his ten year of office when he was our legal officer engage ibun eo aduwa bet mungana imin ngana mungana refer to that ar ouge bwe eo iduwen it is not a fact, ogen what the job of the Parliamentary Select Committee is to look into these things and try to come up with the facts ogen once they come back to the House, this House will decide ogen orre ngea won Select Committee amea oa orre ngea bita wam Select Committee aro ngana wam Select Committee very very tough ngage notorious anga ian meo, the House will decide inat eke-ukwe aton ngea House ied me pwer ouge anga bwe ngune House eiy opan won imin tsin ia riring won Select Committee nuwaw me anga as the Speaker eo gona deprive eiy members iya eimwi wora imin ouga anga inan House decide eiy ngana amend eiy ngune amend eiy ngun bwaka iya ita toto boiju iat imin me eo ita radu imin me totu me judge eiy imin ma tamwidan mar tamwidan mar me anga amin mwinmwin me judge eiy imin bwaka iya ouga ma buog wamie Speaker ang oreri gata come up with good things omo ea bwiotá ang nim aea wora emuk ogen anga eo pwer bet aen ion me anga ogiten totow wanga ruling ngana eo dugidug ngea won amea Motion he can proceed with it Parliament can do anything with it, thank you.

**Mr. Audoa (Yaren):** Thank you Mr. Speaker, let me proceed with it.

Let me on the outset I suppose it is my debate, explain to the style of the Motion. The whereas are the concern of the mover of this Motion, as the mover of this Motion I am very concerned the many publication about this gentleman, Joseph Guiffre time after time even as far as recently as Saturday in the Age the report of this gentleman came up again, in association with Nauru yes we may say that these are the newspapers they usually don't tell the actual full story but where there is smoke there is fire and it is our duty it is our diligent duty, primary duty whatever you may call to look into this smoke daily because I have in front of me a newspaper from last Wednesday from the Age front page which the picture of President Rene Harris accused of owing more than 200,000 and in this content of this newspaper what have I have stated in here I've just repeated what he had stated, so there is need of a Select Committee to find out the freracity of this newspaper allegation there has been a claim from the other side who do not want this Motion to forward who have stated openly that this gentleman does not work for Nauru but yet we have openly have heard from the Minister for Finance and from the President how they support this guy and his involvement with Nauru's investments they went to the extreme to say that this is a good person to help Nauru to turn our economy around they have given us example of this thing he has gone overseas representing Nauru with NPRT delegates he has gone to the Guam area to make decisions on Nauru's investments and yet he is not employed, he is not employed by the Republic of Nauru nor anybody else he is going around for what purpose is he there to scratch somebodies ass, beg your pardon scratch somebodies back or what?

Certainly Mr. Speaker a person who has claimed that he has recieved 18,000 from the Government of Nauru as a travel expenses for his accomodations overseas we need to look into it because while we are able to pay the salary we are yet being able to pay somebody else to go around, to go around the world for what purpose I don't know in that same paper while Mr. Guiffre claimed that 18,000 was given to him to furnish his accomodations and travel expenses the Minister for Finance said that amount this is what they said of it that amount 18,000 was given to Joe Guiffre to pay off architects on the Savoy Cabin sites now two response from two different people to a certain paper have come up differently sometime I wonder why I wonder why I am concerned gentleman is because if we going to have somebody I don't mind Joe Guiffre if you bring him here I don't mind him but in the last sitting I'll ask the Minister for Finance to give us a referee of this gentleman yes, he told us that this gentleman is a man of reprediable preparations integrity everthing that will have somebody else watery to have him in his budget but yet time after time when we ask him not myself other members

as the Minister for Finance can you give us some referee say he will look into it that was three months ago yet there is no referee.

**Mr. Amwano (Minister for Finance-Ubenide):** Point of order Mr. Speaker.

**Mr. Speaker:** Point of order has been raised.

**Mr. Amwano (Minister for Finance-Ubenide):** Ngane ngane imin oreit kongauw ngago Mr. Speaker.

Ang ogona aiyuk put it to the test me oreoan Hansard iya ogiten kongan reference or referee, ita paname angon Joe Guiffre I've explain it eko reference iya ogiten kongan, ang ogona aiyuk omeatu Hansard me ang prove eiy the very point mageda Mr. Speaker.

**Mr. Audoa (Yaren):** Yes, we can do that.

**Mr. Amwano (Minister for Finance-Ubenide):** Iya basically ogiten kongan reference.

**Mr. Audoa (Yaren):** Yes, yes we'll do that.

**Mr. Speaker:** Yes, tubwa Minister for Finance for your point of order, the normal thing to do is to take note of what he has been saying then you can go back and touch upon where you were mis-presented

**Mr. Speaker:** Maybe you can present your support and all that sort of thing if you are referring back to Hansard that is why he is saying ouge anga bwe we have to allow Members to continue on with their train of thoughts and their debates just take your time on what you think is not correct and then if you can.

**Mr. Amwano (Minister for Finance-Ubenide):** Mr. Speaker, point of clarification tsin ia smerk eiyo along the way ten, twenty times anim note eiy iya cast eiy reflection, this are all casting reflection on me ngana ogiten kongan reference from me ibid recall eiy ever can any member recall it kongan reference paname what he know of Joe Guiffre anga explain eiy of what I know of Joe Guiffre eitsiok bet kongame reference ngune tekeiy ngage clearly pan ngana kongame reference ogona iyamie paname ngata ogona recall eiy, eiy paname what he knows of Joe Guiffre anga explained what I know of Joe Guiffre eitsiok bet omaran kongame reference otherwise I would have proved it arab ewaweda mungana real- estate reference ngago nen, they are reference me eitsiok bet kongame reference otherwise ngea ngea very thing oreit paname ngage dogin reflections will be casted on me ten, twenty forty times ateng pull up eiy as it comes ngana mungana reflections against me.

**Mr. Speaker:** You have a chance to state where he has mis-represented you if he smacks you on one face give him the other cheek, and he will look ridiculous.

**Mr. Audoa (Yaren):** Thank you, Mr. Speaker. That is not the issue whether I am asking for reference or not but I will claim that I have reference just like any normal people and I have stated in this House anybody who is going to look at the interest of my kids future that they say that they are people of integrity I want some reference I want to find out who is this person and that I have stated quite clearly I don't want my kids future to be in the hands of somebody I don't know, if that is not enough reference to that or indicating or qualification to that effect then that is somebody else's problem not mine. Now finding out about this gentleman is not a witch art not to demise the reputation of the Minister for Finance or the reputation of this gentleman but as I've said whereas this person image is not good is not clean why would I wonder why would newspaper published in this matter front man for mafia what is that where are we heading where are we putting our investment into would this people say that for what.

**Mr. Amwano (Minister for Finance-Ubenide):** Casting another reflections ogona aiyuk point of order Mr. Speaker.

Tsimine headline bet ouge Nauru is the front line of money-laundering mafia money exactly the same thing ngune ngune wanga issue oreit kwokwon pan he is casting reflection against my country me against me now dogin mungane newspaper clippings lets have facts me eo mungane exactly the newspaper printed that my country is front country for mafia and laundry money which we all know is not true ngane ngane wanga gist of reflection Mr. Speaker, concerns me not only as Minister for Finance but bitune eb an the people that I represent this are thing we are entertaining Mr. Speaker ngea wanga point of order eko problem lets investigate Mr. Joe Guiffre lets not incriminate country and the people of Nauru in between that is all I am asking lets investigate Mr. Joe Guiffre lets throw him out if he is not good enough let not along the way incriminate the country and the people of Nauru and the choice.

**Mr. Audoa (Yaren):** Thank you, it is not casting reflection is what's stated in here in the newspaper and it is the responsibility of this House to find out the truthfulness of this man in this newspaper, if it is not then it is not then we grab this Joe Guiffre as really a good friend of Nauru if otherwise then we kick him out Select Committee purpose is that no more and no less, it is a pity if the government has done its duty has given us the referee of this person and there is not such adverse report on it I wouldn't think twice about it I would say yes this man is fit to look after Kiwi's investment but today I am thinking twice and I would not be doing Justice to my son's future if I let this newspaper go and the report of this gentleman unanswered. Now you want me to continue? To repeat some of the statement that has been said earlier on in the attempt to stop this motion that this gentleman is not employee or have associate with the Republic of Nauru I would like also the Select Committee to give you know in its power in its terms of reference to look into that support as well as I understand right of today this gentleman is now sitting in Nauru House 49 storeys just opposite or agency to Air Nauru he has an office there with two other guys Joe Fregman is one and I think the other one is Gary Turner but I am not after those two guys because they have not yet involved themselves in my kids future may they have may they have support room but I don't know I will only know when the Select Committee's created, established and this Committee look into it and comes back and reports to this House I will only know then, then I will know what to do I am sure you gentleman will appreciate that it is not only my son's investment we are looking at it is the whole country's investment's future if he certainly is a good man lets keep him, no lets keep him if he is you know we should not be pity over him lets keep it clean and address the issue, if there is a repuck to this the newspaper that will be enough just donate any Select Committee but there is none we have allowed this people to go on and published thing as we have said it but there is no truth in it, I am concerned all of you gentleman are concerned and it is fair that we allow Select Committee maybe you want to amend some of the Select Committee please do so but those are the people I see are not attached to any political wrongly people will do their job properly as the mover of the Motion I thought it is also right that I put my name there concerned gentleman Nauru's life as an Independent country is slowly coming to an end we are losing grips of ourselves so anybody we bring in it must be ?? he must be seen through inside backwards turn him inside out and look whether he is clean or not despise some firey nature of some people if then good an firey nature. I can only remember when the fore fathers where running the country one thing they would not allow people to advise them or to tell them what to do to make decision on their behalf they make the decision after accessing all the advise on the expert and the experts that comes from or they employed or consult are people with qualification and experience proven experience proven track records. Certainly during those times I have not heard any report or any people like Ken Walker as been adverse criminal frontman for mafia I have not heard one such accusation or allegations against this people this is the first time we have allowed ourselves to associate if this true a person of hacalever ends gentlman the Select Committee I hope all of you supported it is in the best interest of his own class it is in the best interest of our kids and there kids future it is through this Select Committee that we will only know better what we are acquiring the quality people that we are aquaring and then we will truly know if this person is not good for Nauru or good for Nauru. As it is who is this person people will stand out and say yes that is he is of that and that, what are the proves to rebuck these, I would like to see that I would like to see that later in the Select Committee not at this stage maybe people will back track the

line ??? as I think I am not there and everything seems to be suit under the carpet and we think everything is standing but all the time we are heading in a disaster directions if it is true that this gentleman is involved in the investments and running of our overseas investments this countries investments then it is true there is a need for Select Committee to find out who this person is what company comes from what qualification he has some of the decisions that I have heard he has made for example in the whereas in the area called in the sale of Ranwick Shopping Centre there are documents that would tell us if this is true of not there has been allegations claiming that he advise that government to sell for 46 million we were here in the house when we where talking and the Minister was that Ranwick Shopping Centre will be sold for 46 million while we were doing that some where in Melbourne under the advise of this gentleman.

**Mr. Namaduk (Ewa/Anetan):** Point of order Mr. Speaker nungi ang eab redo me ogen anga kor ogen ita pan kor amea point anga involve ian ngea bita bwe dogin an tekeiy kor aragin ngune engame amin ita kaiyot kor eranit imin me ang eab investigate eiy properly ngune bitune problem eo ouga ngune bitune negotiation ngea negotiation very simple we went to G.E we knew the cap.

**Mr. Namaduk (Ewa/Anetan):** We went to GE, we knew the cap.  
Eo gona aikwen point of order adekaiy.

**Mr. Speaker:** One point of order, Mr. Audoa please.  
Proceed with the Minister's point of order.

**Mr. Namaduk (Minister for Education-Ewa/Anetan):** We went to GE we knew the price of that property we knew it was 46 ita dogin ngea wama tak at that time we approach GE with a offer of 40 bwe quite simple government at that time needed the extra money and that is what we have offered GE in the hope that they would.

**Mr. Audoa (Yaren):** Debate'n ngun.

**Mr. Namaduk (Minister for Education-Ewa/Anetan):** Eo debate Mr. Speaker, anim explain eiy mungane, inam public carry on me bitune House kaiyot mungane won rubbish amune mungana an dorer bwe those are not facts wha he is telling us that is what I am telling you.

**Mr. Audoa (Yaren):** Just like that the purpose of the Select Committee is to find out the both sides of the stories.

No we don't want to make mockery on anything you make mockery on things anyway, at this stage, mockery is this you tell this House 46 million and you go somewhere else to sell it for 40 million that is mockery and Select Committee need to, tactics well Select Committee need to look at tactics your tactics may not be very good for this country you make it is but when you are in the government do you think it is good luck but it is my duty to find out whether the tactics is good or not yes wanga crowns as you've got nothing in this world.

**Mr. Speaker:** Order, order continue with your debate you've been, your time is running out Member for Yaren please.

**Mr. Audoa (Yaren):** I don't know why are they worried they have their chance to respond, there are alot of whereas here they can respond to alot of whereas I put it there purposely so they can understand the concern my concern my people's concern and seconder concern we are not talking

from the bush because if this government is abit more open then, there won't be any need of Select Committee if the government tell us a story and they keep stating with it there wouldn't be any with the Select Committee if there is to be no publication like this differenc stories then there wouldn't be any need of Select Committee who wants to Select Committee Joe Guiffre waste my time but it does not waste my time when he is involved with my kids future that is where we draw a line, eken ngea, yes and there been a claim to sale the Islanders Place for 2 million and there are members.

**Mr. Gadoengin (Ewa/Anetan):** Mr. Speaker ogona aiyuk oijoda point of clarification.

He's got another debate coming up to close this Motion so drop down your points throw it at them, please let him be his time is running out, wind up your speech Member for Yaren.

**Mr. Audoa (Yaren):** Thank you Mr. Speaker my time is running out and Nauru's time is running out as well there is a possible attempt to put on sale the Islanders Place this is whereas from what I've heard and only Select Committee will verify that this advise came from the gentleman we are debating at Joe Guiffre the sale was for 2 million and it is a sale to a law firm that has the mortgage on the building and further to that instead of claiming 2% as a commission Joe Guiffre has claimed 12% now maybe nothing wrong with that, maybe nothing wrong with that this is what I'll like to find out and give it to the House and to the people of Nauru to decide on this is a proper thing to do also Mr. Speaker there was an attempt to sale the Nauru House again maybe on the government advise but the man in between that running up and down enessing these sales, these sales is non other but again this gentleman what percentage I don't know on that one by certainly I started to have great concern about this gentleman what he is about what he is doing to Nauru is his advise good then so be it lets continue and pay him or give him half of the Island let him be the owner of the Island half he has done great thing future for my son I will give him my half share in my investment as a token of appreciation but if not, what happen if he has done nothing and he lost all the deal what do I do what do I get I and my family have been put in a jeopardy that is what I am trying to avoid the Select Committee is only seeking this House attention let not somebody else piss on our back and tell us its raining we have gone beyond the time of honey and what you call it and wealth every time now everything we must do must translate we going to get something else everybody must look at it I ring my friend we have to look at it I bring somebody else I give to this nation get I want everybody to look at him inside out go into his records get his referee nothing as magic and secret about that.

**Mr. Speaker:** Yes, Member for Yaren repeat eiy inon ngana aem wo ogiten pan amo ita redoa redoa drama'n, please wind up your speech.

**Mr. Audoa (Yaren):** Yes, thank you but it's amaze that people seen this Motion as something as adverse before the nation maybe those who against it is against this Motion are going to miss out on something if it is going to pass and certainly is going to allow to go into this gentleman there is no fear we are here in this House because he is fearless, yes I brought this gentleman, and in his record is qwicky clean and let them explain themselves let the government explain about his whereas, and

all this newspapers publication are nothing but gossips. And we can only do that if we hear the other side of the story and we can only do that through the Select Committee thank you gentleman.

Anga teng oiyo iat Premise ion bita ouge nim fair ata aea wora imin ang nim nungi reasonal me Honourable men.

Ngea question ateng kudoiy Mr. Speaker, how far do we go? How ridiculous do we need to go into things whether it could be ridiculous or not. Do we put people on trial or give them trial runs like we normally do? Give then six months period of trial to do work for us whether we are satisfy or not or we allow that or we are just working on speculations iya ang ake iya ang form eiy Select Committee are we being judges and juries ourselves. Is that fair to a person is that fair to me if it was me? Ngea ngea aiki anga eo kor garowame mungana an aen amea Minister ita pan ngana won judgement ngea pan ian ngeiy. Apan bitune method of going about in ang nim put person on a trial me tsimine kor ngea forum of putting people on trial. Are we now being judges and jurors? Amea egeten rokwin an bwabwaji bita obid ina, bita oreit tsimine angon what has he done wrong over the six or twelve months? Has there anything being being proven that is harmful to Nauru? Anga eo ed mungana, me ngam dogin we are using this forum this very powerful House bwe ang tik become judges an jurors of whatever we need to put under this microscope, is that fair is it fair is it was one of us and then we put under a microscope to have a look at?

Amune engame tekeiy kor gata, he is an old man eiy father of somebody eiy grandparent eiy memak mungana qualities of ata ang enjoy eiy ian bitune free world, how ridiculous can we get bitune House ngea ngea teng Mr. Speaker if you can give me your wise decision on that. This person how long has he being engaged with the government what fault has he done over those period of time?

**Mr. V. Detenamo (Buada):** Has he gone due process of proper trial? What is the outcome of that then at this point of time, we now becoming judges and jurors is that fair, or are we treating this person as a second rate person or a third rated person, and who are we to make judges on that. Ang roe buriota dogin if we talk about ourselves, me we reflect on ourselves are we doing justice to this person have we given him a trial or if he has being engaged with government. Has he gone through a trial period? Some others we don't put then on trials we just engaged them and kiss then on the cheek put them on and they became our consultant. What has happened to those people? What have they've done to this nation? **Mr. Namaduk (Minister for Education-Ewa/Anetan):** Mr. Speaker.

**Mr. Speaker:** Minister for Education.

**Mr. Namaduk (Minister for Education-Ewa/Anetan):** Ateng od ean eken murana Petition, mungana won point amune mover mungana whereas.

Awaida atsin adamonin, bita adamonin we call it the local newspaper Visionary is not even a newspaper an Australian newspaper call the Age. As we know currently ngarane Age is on our negative run at Nauru, apparently people with no national concern they have been feeding negative input to the Age and the Age is releshing in it. Me ngane ngane this is part bwe ngune Joe Guiffre eiy master criminal.

Ngea second point ngea Joe Guiffre angot mafia ian Melbourne, me anga me ngarowa point inan epodaiy ura it is quite simple. If you are really honest in what you are doing and tekeiy aen amea Member for Buada pan ang eo ita smear eiy egot engage for the sack of ang nim okamwiow angot imin me if you've really honest me concern that inan gaturae wora investment mimin very simple there are agency instrumentality that you can call up if you are really diligence. It is a common practice if the mover have done diligence on Joe Guiffre you'll find that there has been no conviction, eitsiok karabutsi ngune Joe Guiffre. Don Bradfits could have told him that if he was really honest.

Whereas the Age reported Wednesday 22 eken ngane interview eiy I know this incident ogona explain eiyauw kamie ngune bitun. Iduwen kaiy dogin an mix up won move amebune wora amune Minister'n for Finance amea amin buoga wora investment min, anga tsied torangabin bitune. Me anga side eiy bita won version amea Minister bwe ngea Joe Guiffre erowa won kaiyok oiya nim pumwe won accommodation several time tekeiy an amuno Member for Ubenide opan goto New York me ngune bitune incident bitun I know for sure ngana pumwen amebuna architect low men. Incredible ngune bitune bwe kaiyok eow ean aeo tsied me I think some people will back me up amebuna know about real-estate ngane mungane architectural drawings me mungane kaiyok it cost alot of money. Ngaga estimation on this one the Savoy Plaza ouge ea kama ouge ea kama ngana inan about 2 or 3 hundred thousand we only paid about 28 I remember correctly and this is part of the payment teiy won Joe Guiffre ngan 28 and he did it in about a week because we have to get it through the Town Council ngea ngea anga oreit pan it is quite simple if we are honest with each other come and ask question me bitune dimin the House by putting through ridiculous Select Committee and make a mockery of our system just to prove what point that is the question why do we need to prove here that Joe Guiffre is a criminal.

The Australian Courts have never proven him a criminal ata ngage bitune Parliament ine nim try an prove him a criminal on past activities or what.

Whereas the report Mr. Joseph Guiffre advise the government to sell Nauru's property known as Ranwick Nominees, anga involve ian bitun ama ma weta, anga, Minister't Finance, Chairman't Ronfin, Chairman't Trust ogen amebuna ran wora Trust ma nunga General Electrics ian bita wora court ngea wama trust ma nim kwokwon nim konani wot edogor emuk wot edogor muk ogen won

advise Joe ngana we will try bwe ang nim aea iya ang ogona bwe there was a buyer at that time ngea amea buyer ouge ea kama ogona oiya kamie 46 ogona oiya kamie 46. Ogen Joe me amebuna dangon amebuna rat Trust me amune Minister agree ngana okay we will quote to GE ngana quoting ngana wama bwe at that time roughly that was the rate going on that property about 40, 43 me ogen ama gaidu sad to say they didn't buy it bwe dogin amebuna GE ina silly bwe they knew ngana the current rate is 46 but we tried our best bwe dogin government need eiy emuk ngaga there was no other hand I don't understand this eken ngane what is this we are going to pull a Select Committee to do this very simple.

Eketen what is the next one, whereas the Age Wednesday reported the Minister quite clearly 2 million possible sale, ang eo ean aeo tsied eitsiok bet rowiow ngune kaiyok. The amazing thing about all this is that we are going to set up a Select Committee on rumours and new endows no proven facts no proven facts and that makes us look silly that makes us look silly.

If we are going to tell the world that we are going to pull a man from Melbourne and investigate him on this pack of new endows what calabel people are. I decry being associate with you because it means that to my think there are some very mean people here.

Eitsiok bet anga tsied ngana rowiowin Islanders Place eitsiok bet tsied ngana ang rowiowin eow ean 2 million dollars I don't know this eko kor ngune ion bwe 12% commission anga tsied kor ngune this is accudet talking I've heard him say 12% .

Anan pan kamie won commission ngea Joe Guiffre me I know certain members in this House know the going rate for the commission in real G and that is the bottom end is 1% and the top end is three percent. And I asked Joe Guiffre the very first day ngaga amune Minister introduce eiyame ouge anga what do you expect to get out all of this when you know we're on a losing street he said I could help you ouge anga what do you expect to get ouge eiy at the end of the day I want peice of the cake, ouge anga what is the peice of the cake my 1% commission very simple we know that all along, we knew that all along.

Aiki anga ngune 12% and he would never dare demand 12% after telling me that he will get only 1%. Eketen ngaga whereas on Thursday mean convene as. Bitune 200 million ngun. It is quite amazing out of all the quotes that we have been getting on Nauru House, the bottom end was about 130 what that book, book value upto 150 Joe Guiffre managed to bump it up to 200 million by one reservation eiy eo teng rowiow ouge aen eiy ngaga mar dorer iat telepone ouge aen eiy I want to clear it with the Nauruans first because that's their identity in Melbourne, eo teng iya tenakin rowiowin 200, alot of members in the cabinet want to do it, eo teng ngeiy ouge eiy he wants the opinion of the local Nauruans dogin eiy tsied ngana ngea Nauru House identifies Nauru ngun tekeiy an amuno wanga colleague pan ngago.

There is nothing hidden about it, it is quite simple eketen the Minister annouced that the House abwid tsiet ngane doesn't make sense. Anga inan pana kamie incident ion, ngaga Joe Guiffre start'n magur tangota he is a retired business man belonging to the group amebuna ngago amebuna ngago aid eiy ian Australia. Alot of millionaires around I saw newspaper clippings iya ma nim gotow bwion kwotira newspaper bwien, better than the Age and whatever the Visionary, teiy angon Joe Guiffre, how he made his millions how he lost it how he chase women mageron nothing about him going to jail oa being linked to the mafia. Very straight forward kor ngan eko imin edogor ewewin ekebwidbwid imin edogor ewewin.

Ogen aiki anga mungane ang nim set up eiy Select Committee dogin mungane imin ouge duwon so mind eiy so petty what does that make us me the danger at the end of it all is tsin ia amune by virtue ngana he hasn't had a formal contract with us, refuse eiy wora imin eo teng nim attend eiy wora imin he doesn't accord us the honour and then what are we let with egonabeiy.

Are we going to Victorian courts and demand them to open up their papers, so we can look up Joe Guiffre's, what are you people trying to do you think seriously, the implication of taking up a select committee like this.

Barry Connell is quite simply because we know his wrong we have the evidence, we know that. What has this man done wrong? I dare anybody to stand up here now, that Joe Guiffre did this and this and went to jail for it. I dare you. Thank you.

**Mr. Clodumar (Boe):** Mr. Speaker, I take on the dare.

Mr. Speaker, bita ewak 101 Collin Street which is much newer, which is much better than Nauru House as it comes to appearance just across the road a little bit taller and it went last week for six million change hands different owners now for six million this is Collin Street 101.

I would imagine that Nauru House would command a very reasonable, specially when its old and we don't occupy level 51,50 and 49. The value will increase for my guess estimate is two hundred is low given the change of hands of property just across the road and one of the four tall buildings in area. The Collins Place which is same age as Nauru House, 120 and 180 Collins Street its all last month all for six hundred million and thats on record. Thank you.

**Mr. Amwano (Minister for Finance - Ubenide) :** Mr. Speaker, gona ita include back support eiy bita won amea Member magamain won imin me ita aiqen imin me eo pana gata ngana full frontage memak ngana mungana onto Collins Street, Nauru House does not have the full frontage. 80 Collins Street is a block of pavement, yes but full frontage there is a big difference thats why you're working. in the back and this are Honourable Men matter why and yet they stab you in the back why that is for them to tell us that is mens rare that is his mind now this gentlemen I want to find out who is he what make him think why is he so interested in my country why is he so interested in my kids investments now if I am gona relinquish all my work to him of most of it to look after it I want to know that this report about him are not true that is all and if he can get \$1.00 deposit of a House that may cause something 2 million or whatever I want to know that too you know why I want to know it cause there is either a great negotiation technic things that never being done in

this world or there is something I don't understand there is price for everything that price I want to find out before it is too late risk, risk is in every part of our life as I speak there is risk for remote it is so remote that I don't think lightning will come down and strike me but there is risk but if the risk is greater risk that I have given example I want to look at it I want to avoid and cut it down now tsimine edorer inon towe bita Nauru House ngage ang eo ibibogi bet GEC they are the also on the building not us they have the mortgage over it I believe there is a meeting over it now coming up maybe the President will be going down to see them cause of the talk about selling Nauru House who's advice was that now we have know from the government eo won Joe it is not Joe's advice.

The word you say mockery let us not make this system this Select Committee to the effect it was not intended to be a mockery Select Committee as a magnetsium was give to this House for a purpose to find out the truthfulness of and issue when need arises I believe as a mover of this motion that need is now here that need is so great we should not deny it, if everybody support it even those who are a close issue with Mr. Joe Guiffre the more reason is respectfully given to them if it comes out all these publickation are just a bad business, bad dream a nightmare and I think Nauru will accepts Joe Guiffre not just you guys the Nauru people at last will accept him as their brothers infact we will take him away from you and make him our brother one talk, two talk, ??? talk.

**Mr. Speaker:** Mr. Audoa from Yaren I had to remind you, you are on candid TV.

**Mr. A. Audoa (Yaren):** What is that?

**Mr. Speaker:** You're still on candid TV.

**Mr. A. Audoa (Yaren):** That is a word Lakun.

**Mr. Speaker:** Lakuna?

**Mr. A. Audoa (Yaren):** Maybe yeah.

**Mr. Speaker:** You have two minutes more now please.

**Mr. A. Audoa (Yaren):** Of course these things are not proven these whereas are not proven and though there maybe speculations we have heard the Ministers express their that these things do exist but they have tried to express their selves in it that is there version.

Two understand there expression more better much clearer Select Committe needs to be formed for the truthfulness we have heard on one side let us see there are the things that extracted nim arowang ngana edorer mungana ura claim eiy iduwen ngana ouga oa ekeow ouga tekeiy ngage ngea aragadan kor pana kamie President ouge over 200,000,000.00 ngea ewak amea dango ina irurun ouge 130 to 150 we will never know no, no that is not an issue yes put the point I am trying to say is that there is a imbalance people are saying things one and another one say the other now how do we know were we stand now the newspaper are saying one about Joe Guiffre the Minister is saying about something about Guiffre now the rest of us do not understand what is the clear picture what do we say about it ang megada me ang eo doror okay we just take sides why don't we act as a Select Committee why don't we act as Select Committee to find out the imbalance of those two claims and then from there we make educated position ada teiy eken ang mwiowa the Select Committee is very strong we are strong people we are honourable people we should control ourselves we should not go into beyond what is meant politician will go beyond it' meant what mean we don't think that I have suggested there is no way the spirits meant in this field and with the facilities that we are going to use from this House I an sure the Honourable Speaker and his staff are also honourable how can we go wrong we may not get perfection that is perfection you only reach it when you die we may not get rich perfection but we will be more nearer to it that we are now.

If the Select Committee has found out that Joe Guiffre inat tik repeat from an angle would it benefit us all the dought in our mind put aside would it we go outside and talk to our people and say we are the best man would it be gentlemen seriously lets not play politics on this one because we might hurt Joe Guiffre's feelings, Joe Guiffre's feeling I'll tell you right now is not my parmout

concern my paramount concern now is the feeling of my people and people we represent those are the first one tomorrow if this nation goes down Joe Guiffre will disappear from our midst we will be still here dogs eating dogs I don't want that to happen thank you gentlemen.
